HAVE YOU TAKEN A MOMENT AND LOOKED AROUND YOU AND WONDER "WHATEVER HAPPENED TO THE COUNTRY I LOVED SO MUCH"?

How do we grow and survive and take back this beautiful land of ours from big government and big corporations?

How do we stop these controlling governmental issues such as NAIS, National ID, DNA gathering?

How do we bring home our troops, end an unconstitutional war, secure our borders and stop Illegal Immigration?

The **Revolution Freedom Festival** is just that answer. With several workshops on teaching everyone "how to get off the grid", learn what you can do with the budget you have. Food preservation workshops. How to take back our elections, what it's like to be on the Campaign trail, Candidates to support that will protect the Constitution and so much more. Our speakers vary from great Authors, Presidential Candidates, patriots trying to educate the people on a regular basis about the Constitution, the IRS and so much more. Speakers that on a daily basis try to teach just how to take back our country!

We have several Entertainers/Bands coming to Entertain you on a daily basis.

Vendors from a large variety of organizations with a large variety of information and products. By the way we still have vendor space if you would like to be there and share your information!

We fully support Ron Paul and the Ron Paul Revolution. The Revolution that is spreading thru the grassroots. If you are thinking to yourself that this event is not for you because you don't support Ron Paul. That's ok, it is not required to support Dr. Paul. This Festival is much more than that. This Festival is about taking back what is rightfully yours. It was given to you, your parents, to your grandparents. We are "THE LAND OF THE FREE". Free... as in Freedom. Our Forefathers came to this country and wrote a wonderful piece of paper, called **The Constitution** and it laid out our **American Rights** and its time to **Restore those Rights!** The right NOT to be DNA'd, to be tracked by big government thru your National ID. The right to browse the internet to visit any website you chose without someone looking over your shoulder. The right to raise your family as you see fit.

**Join Us! For a week you won't forget at the wonderful Lamphere Ranch
Campground in Sturgis, SD July 2-6. We PROMISE!**
