Entertainment provided by **Will To**

Power, Poker Face, Simon's Dream,

Colorado's Best DJ's and others

The week of July 2nd through July 6th will be this huge celebration. A family affair, there will be music, dancing, networking with like minded people and organizations. There will be seminars and exciting motivated speakers from many different areas of concern, so much to do there it will take a week to see and do it all.

There will be lots to do for families, swimming, shooting, with safety instruction, workshops for family survival, preservation and storage of food workshop, a great workshop teaching how to get off the grid with **Melinda Pillsbury-Foster** in a way we can all afford, a rip roaring hilarious account of "The Campaign Trail with Ron Paul" by his former Campaign director **Penny Langford Freeman**, sightseeing in the beautiful Black Hills and networking with many liberty minded people. Our goal is to have many organizations and groups learn to work together to make a more powerful army of Patriots with real impact on the government. There are vendor booths for anyone wanting to sell their items, promote their org. or just hand out information.
